ANNUAL SCHOOL PLAN 2022 – 2023

This document describes specific areas for improvement within the current academic year, i.e. from August 2022 to July 2023.

Following a review and evaluation of the Annual School Plan at the end of each academic year, the Leadership Team of the school identifies specific areas (major concerns) for future improvement and development. Teaching staff are consulted and the proposed major concerns are modified as necessary and published. The Leadership Team then devises a range of specific targets in collaborations with the middle leaders (with associated strategies, success criteria and evaluation methods) to achieve each of the major concerns within a given time frame. The final draft is shared with all staff for comments and additional suggestions before being published.

The major concerns for the Annual School Plan for the 2022 – 2023 school year are as follows:

- 1. To enhance learning effectiveness by developing independent and resilient learners.
- 2. To educate our whole school community about PERMA as a model for wellbeing.
- 3. To embed positive values and attitudes in the extra-curricular programme.

The Annual School Plan is based on the current School Development Plan 2020 – 2023.

School Development Plan VI (2020 – 2023)

- 1. To continue to enhance teaching and learning effectiveness.
- 2. To refine and improve the 21st century relevant curriculum.
- 3. To incorporate the key elements of character education and wellbeing into the YHKCC community.

For reference the major concerns for the Annual School Plan for the 2021 – 2022 school year were as follows:

- 1. To enhance learning effectiveness using a whole person approach.
- 2. To further embed and instill values education as part of the 21st century relevant curriculum.
- 3. To develop a deeper understanding of wellbeing within the YHKCC community.
