Notes:

1. The school will try to allocate students according to their stated preferences. However, please note that the final decision will be made by the school and is subject to performance in the Form 3 internal examinations, fulfillment of prerequisite academic standards and places available in each of the streams. (NB. There are only 80 places available in the International Stream.)
2. Promotion to Form 4 is not automatic and will depend on academic performance in Form 3, an attendance rate of at least 90%, teacher's recommendations and an average effort grade of 3.5 or better. Students who do not meet these requirements are not considered to have a complete academic record and *may* need to repeat Form 3.
3. Applications submitted by the deadline will be processed first.
